Dear Parents,

We have had an incredible week brimming with achievements and activities that truly reflect the spirit of our school community.

This week, our senior students shone during Digi-Week, featuring a hackathon, interdisciplinary quizzes and debates that highlight future-focused learning. On February 4th, we proudly showcased our students' remarkable talents in STEM, Art, Design, and Technology. A heartfelt thank you goes out to our dedicated students, teachers, and supportive parents for making this event a resounding success! We eagerly anticipate more engaging programs that promote community involvement.

The week concluded with an exciting intra-house Science quiz organized by our Sixth Form scientists for our secondary students. We express our gratitude to both our students and the Science department for nurturing curiosity and a scientific mindset in their educational journey.

In the Primary school, this week's lesson visits highlighted independent learning, enhanced writing skills, and scientific inquiry, with students engaged in hands-on experiences. Our FS students continue to showcase their cumulative learning through assemblies and activities; we appreciate the parents who play a vital role in this journey.

Additionally, our students exhibited their commitment to core Islamic values by winning awards at the Islamic inter-school competition held at Pristine Private School this week.

Our school has also engaged in career guidance sessions, both through visits and hosting. We remain dedicated to providing our senior students with valuable career guidance and exposure to diverse options through expert-led sessions, ensuring they are well-prepared for success in top universities both locally and internationally.
